#RSAC

Session Highlights

- Who are “the bad guys” and what are they after?
- How have cyber threat tactics and techniques changed over the past 12-24 months?
- How have our approaches to threat hunting and response changed in light of new realities?
 - To what extent have tools, processes and/or team structure evolved?
 - How have benchmarks which define what’s good enough changed?
- What’s next on the cyber horizon?
